S.C. Need-based Grant & College Transition Program
2018-19 Academic Year

S.C. Need-based Grant
Background

The S.C. General Assembly established the South Carolina Need-Based Grant Program in 1996, to provide additional financial assistance to South Carolina's neediest students. The S.C. Commission on Higher Education was appropriated \$32,000,000 (\$20,000,000 from Lottery Funds and \$12,000,000 from the Children's Education Endowment) for the 2018-19 academic year. The program is administered by the financial aid offices at the public institutions and the SC Tuition Grants Commission for the independent institutions). The financial aid office on each eligible S.C. public college campus administers the S.C. Need-based Grant program, determines the students' eligibility to receive grant funding, and the exact amount based on the regulations approved by the General Assembly. Eligible students may receive awards for a maximum of eight full-time equivalent terms with full-time students able to receive up to \$2,500 per year and part-time students up to \$1,250 per year.

College Transition Program

Background

The General Assembly included Proviso 11.19 in the FY 2013-14 Appropriations Act to enable funds appropriated to the College Transition Connection (CTC)* be redirected through the need-based grant program to be available as need-based grants for students enrolled in recognized College Transition Programs (CTP) at South Carolina institutions. As of Fall 2019, these institutions include: Clemson University, Coastal Carolina University, College of Charleston, University of South Carolina, and Winthrop University.

The U.S. Department of Education offers financial aid to those students enrolled or accepted for enrollment in a comprehensive transition and postsecondary program for students with intellectual disabilities at post-secondary institution that participates in the federal student aid programs. According to the U.S. Department of Education, *Institutions must participate in a federal approval process in order to provide federal funds to students enrolled in these programs.* As of January 2020, there were 107 approved programs with South Carolina being home to five of those programs.

Initial efforts to assist intellectually disabled students were directed by CTC. During FY 2013-14, CTC worked with select colleges and universities in South Carolina to design, create and fund transition and post-secondary opportunities for young adults with intellectual disabilities. The CTC worked with the South Carolina General Assembly and the South Carolina Commission on Higher Education (CHE) to redirect funds for the purposes of creating a state based program to provide additional financial assistance to students who enroll in these programs in South Carolina.

The CTP serves students with intellectual disabilities who demonstrate financial need. These programs allow for students to attend a four-year institution and engage in academics, independent living environments, employment/career opportunities, and socialization. These programs are non-degree seeking and successful completion of these programs allows for students to receive a non-degree certificate of post-secondary education.

CTP Institutional Data

Proviso 11.12 in the FY 2019-2020 Appropriations Act went into effect July 1, 2019.

11.12. (CHE: College Transition Need-Based Grants) Of the currently appropriated need-based grants funding, no more than \$350,000 shall be used to provide need-based grants to South Carolina resident students enrolled at a public institution of higher education in an established college transition program that serves students with intellectual disabilities. The Commission on Higher Education shall allocate the available funds to eligible institutions on the basis of student need and enrollment in the established college transition programs. All other grants and gift aid for which these students are eligible must be applied first to the cost of attendance prior to using the need-based grant funding. If the cost of attendance for an eligible student is met with all other grants and gift aid, the need-based grant shall not be used. The participating institutions, in cooperation with the Commission on Higher Education, shall track the number of grant recipients and other information determined necessary to evaluate the effectiveness of these grants in assisting students with intellectual disabilities in college transition programs.

The Proviso transfers and dedicates recurring funds provided to CTP for the purpose of need-based student grants. The guidelines provide for eligibility consistent with eligibility for the financial

assistance programs authorized under Title IV of the Higher Education Act of 1965. Participants of this program are required to complete a Free Application for Federal Student Aid (FAFSA) and demonstrate financial need, as well as meet the established South Carolina residency requirements in order to receive funding. In order to meet the anticipated growth of eligible South Carolina students with financial need, additional funding for FY 2016-17 was approved by General Assembly in the amount of \$350,000 which reflects an increase of \$170,822 from FY 2015-2016. This award amount continued funding of \$350,000 for FY 2019-2020.

Because the CTP is directed by a temporary one-year budget proviso, considerations for the program in subsequent years will be subject to any statutory or regulatory changes that may occur during the upcoming 2020 Session of the General Assembly or renewal of the budget proviso for FY 2020-21.
